

Canadian Association of Gift Planners (“CAGP”) COVID-19 Policy

The 2019 Novel Coronavirus or COVID-19 is an extremely contagious virus that spreads easily through person-to-person contact and can cause serious illness, long-term health complications, and/or death. Symptoms of COVID-19 include fever, cough, loss of taste or smell, and shortness of breath, among others.

CAGP is committed to providing a safe experience for all our delegates when attending a CAGP event. We prioritize the health, safety and social well-being of all delegates, guests, sponsors, speakers, volunteers, and staff. We continue to monitor guidance from Public Health for regulations and guidelines.

CAGP will continue to monitor the Public Health orders and instructions with respect to the Original Canadian Gift Planning Course (February 12-16, 2024) and will communicate any and all updates with registered attendees.

We recognize COVID remains and we continue to urge people attending our events be vaccinated, that if people are unwell they should considering not attending, and that people should feel comfortable taking any measures that makes themselves feel safe (ie. Wearing a mask and keeping a distance from others).

No delegate may attend a CAGP event if they are experiencing any symptoms of COVID-19, if they have an active case of COVID-19 at the time of a CAGP event, or if they have been directed to self-isolate by a Public Health authority.

CAGP recommends waves and elbow bumps at this time.

As the situation changes, CAGP will continue to review and modify these precautions, and may choose to eliminate some safety measures if it is safe to do so.
